

DESOI PowerInject SP20 110V

No. 13574

Description

Screw pump DESOI PowerInject SP20 110V is of multiple use and features high power combined with compact design. With the delivery control the pump can be controlled continuously from standstill to maximum speed. As an option the delivery control can be fixed with an extension cord directly at the end of the material hose so that the operator can react immediately to avoid that the material gets under pressure.

Material to be used

- Injection mortar
- Cement paste
- Cement suspension
- Aqueous solution
- Machine usable jointing mortar
- Sealing slurries
- Fine filler
- Lime cement plaster

Delivery range

moving device, 30 litre polymer material container, splash guard, rotor, stator, infinitely variable delivery control, Geka coupling, incl. instruction manual

Advantages

- Big material passages - high flow rate
- Cone-shaped material container - self-emptying

1. Infinitely variable delivery rate regulation

Technical data

Supply	110 V/50 – 60 Hz
Motor power	1.8 kW
Working pressure	max. 15 bar
Delivery - infinitely variable	0 – 13.5 l/min
Filling height	90 cm
Grain size	max. 3 mm
Weight	26 kg
L x W x H	80 x 52 x 90 cm

Accessories

	No.
Spare and wear part set DESOI PowerInject SP20 110V	13580-EVS
Set of tools DESOI PowerInject SP20/110V	13577-WS
Rotor	500-00-285
Stator	500-00-288
